# Emergency Support Appeal for all displaced families in Lebanon

## To Friends & Partners of Beit Atfal Assumoud

## War has STARTED in Lebanon!

In the face of the unimaginable horrors unfolding in Lebanon, where relentless Israeli attacks have claimed the lives of over **560 innocent souls** and left more than **1,600 wounded**, we find ourselves on the brink of a humanitarian catastrophe. Entire villages in Southern Lebanon and Bequa' area have been shattered, and just yesterday, more than 26,000 people, families who once knew the comfort of home, were forced to flee amid the relentless barrage of fire. Many, including children and the elderly, did not survive the desperate attempt to escape. The scale of this tragedy is beyond comprehension, and each passing moment brings only more suffering. Now, more than ever, we turn to you. Your urgent support is not just needed; it is a lifeline. With every moment, the situation grows direr, and your swift action is crucial in helping us secure the supplies and care that these vulnerable people so desperately need. The time to act is now, before the devastation deepens, and more lives are lost.

Beit Atfal Assumoud remains unwavering in its commitment to providing vital assistance to all displaced individuals from Lebanese villages and Palestinian camps. Our ongoing relief efforts focus on distributing **food parcels and hygiene kits** to displaced families, many of whom are now scattered across various Palestinian camps all over Lebanon.
